

Thomas Barreto

Full-Stack Developer

E. thomi.b137@gmail.com
P. +54 2964 477730
A. Río Grande, Argentina
W. thomasbarreto.vercel.app

Full-stack developer with 4+ years of experience building web and mobile products for startups and small teams, across front-end, back-end, mobile and infrastructure, including technical leadership. Working remotely from Río Grande, Argentina.

PROFESSIONAL EXPERIENCE

Amaze

Full-Stack Developer

Argentina
June 2026 – Present

- Build personalized experiences at scale, delivering a different version of each campaign to every user.
- Develop internal AI-powered tools that automate team workflows.

Bitskingdom

Full-Stack Developer

Uruguay (remote)
November 2024 – May 2026

- Worked on two products for agency clients: an events app and a referee assignment platform.
- Events app (Expo): implemented most features, including iOS in-app payments.
- Referee platform (8,700+ users): notifications and performance improvements.

IPES

Full-Stack Developer • project lead (freelance, part-time)

Río Grande, Argentina
June 2024 – December 2025

- Academic management system for a higher-education institute: students, programs, subjects and exam sessions.
- Developed most of the system and managed the project, including the client relationship.

WeGoGreenR

Web Developer → Tech Lead

France (remote)
March 2023 – November 2024

- B2B SaaS for managing sustainability and certifications in accommodations.
- Joined as a front-end developer and took over leadership of the 4-person tech team.
- Progressively migrated the front-end to a new version running alongside the legacy one.
- Developed new features and improved the interface and navigation of the B2C platform.
- Reduced monthly AWS costs by 38%.
- During my time at the company, the platform gained half of its total users and 43% of its all-time bookings.

DAIRA IT Groups

Front-End Developer

Río Grande, Argentina
November 2022 – April 2023

- Front-end development with Svelte for a financial company, focused on automating customer service.

CHINOA

Full-Stack Developer • internship

Río Grande, Argentina
January 2022 – July 2022

- Order, inventory and cost management system for a chocolate factory in Río Grande, developed independently in 4 months.

PROJECTS

The Rockin' Chair: Accessible concert platform. Sole developer, working with a designer: landing page, mobile app (App Store and Google Play) and web app.
